SIDELIGHTS ON LOCAL LIFE.

A certain young married couple living in or near Fallon, never had a cloud on their marital happiness until quite recently, when after a night's slumber, the wife, whose name, to make our story complete, we'll call Marie, sat down to breakfast in an extremely snappish, sulky and unhappy mood. To all her

husband's inquiries, she returned short answers.

To make matters worse, she was in no more happy frame of mind when her husband came home to lunch at noon, all of which mystified the husband, who was entirely ignorant of anything he might have done to offend his spouse. Finally in the evening, in reply to his repeated demands to know what was the matter with his wife, the later burst into tears and replied: "Sweetheart, if I ever dream again that you kissed another woman, I'll never speak to you as long as I live."—Fallon Standard.

STATE ASSESSORS PUT IN A BUSY DAY OF WORK

The adjourned meeting of the state board of assessors was resumed at 11 o'clock Wednesday. The committee appointed Tuesday to look into the assessments of power lines, telephone lines and telegraph lines, after consulting with the members of the railroad commission, made its report. This report was to the effect that power lines, telegraph lines and small lines be left to the assessors of the various counties but that the Western Union line be assessed in the value of \$40 per mile. At this point a recess was taken until 2 o'clock p. m.

At the afternoon session the first item taken up was the assessment of the Western Union Telegraph company's holdings in Nevada. A motion to make the assessment at \$40 per mile for each strand of wire, after discussion, was passed. Mr. Jones, representing the corporation, stated to the board that he believed that the rate was too high, and while he was not prepared with figures, he assured the assessors that to his knowledge, the rate was unreasonable. Upon a vote taken upon the assessment the body was unanimous and the rate was fixed at \$40.

The assessment of the Pullman company came up for consideration. This was fixed at 1250 per mile over the Southern Pacific and San Pedro lines; Western Pacific at \$100 per mile, and \$50 per mile on all other roads operating in the state.

This is a slight decrease in as-

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine, the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 41208 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has a great healing and pain-conquering power. It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

"Parish Priest" at the Nevada this Evening

PAUL STANHOPE, COMEDIAN
With the Empire Players at the Nevada Theater Tonight.

A fair-sized audience greeted the Empire players last night in their presentation of Jones' comedy, "Mrs. Dane's Defense," one of the great hits of the modern English stage. The cast was well balanced, and altogether the portrayal was satisfactory.

A matinee is on this afternoon, and tonight "The Parish Priest" will be repeated by request. This

assessment on several of the smaller lines throughout the state.

Contract lands were left to the individual assessors.

The fixing of assessments on the Wells Fargo Express company called up plenty of discussion. Railroad Commissioner Shaughnessy was asked to furnish the mileage of the company in this state. This was given at approximately 1,300 miles. Mr. McTerney offered a motion that a lump sum of \$35,000 be assessed against the corporation, to be divided in mileage among the counties, or at a rate of \$300 a mile.

The attorney general was called upon for opinions in this matter and read a decision relative to such taxation. The fact that Wells Fargo company is fighting its present taxation is giving the assessors considerable to worry about. This matter was still under discussion when the board adjourned until 10 o'clock tomorrow morning.

Location notices, both in book form or by the dozen. For sale at this office.

NEVADA HAS STEAMBOAT LINE OF ITS OWN

It was somewhat of a surprise to some of the assessors of the state to learn yesterday that there were steamboat lines in the state of Nevada and that Wells Fargo shipped its express upon them. Some of these gentlemen seemed to think that Nevada was a desert where the only water to be had was that to be squeezed out of stocks. They were agreeably surprised to learn, however, that there were steamboat lines on Lake Tahoe and that over a distance of twenty-five miles was credited to the state. For surprises come to Nevada.—Carson News.

ASTRAL CONCEPTION WOMAN'S BELIEF

LU ET TA SMITH DENIES THAT DR. BURKE WAS FATHER OF HER CHILD.

By Associated Press
SANTA ROSA, Jan. 14.—Lu Etta Smith denied that Dr. Burke was the father of her child and ascribed its parentage to a great white light, according to the testimony of Mrs. Elizabeth Thompson of Alturas, introduced by Burke's counsel to show the insanity of the complaining witness.

According to the witness, Miss Smith said the child was born of astral conception, but if Dr. Burke had been the father, she would have claimed him as such with pride.

A blind degree of belief in Oriental occultism compatible with insanity was the theory of Charles W. Thomas, a Woodland lawyer, who gave it as his opinion that Lu Smith is insane. Thomas stated that he is himself somewhat adept in the teachings of Yogi, and that in his opinion the Smith woman's mental condition did not arise from the mere fact of her adherence to occultism. Vagaries in her belief, he said, were more weird than the weirdest Yogi could countenance.

UTAH GIRL WANTS JOB IN SCHOOLS

A member of the Goldfield board of school trustees yesterday received the following letter from a Utah girl who yearns to teach the desert young idea "how to shoot:"

"Dear Sir: Mi folks think I ot tu bee a teacher. I am onli ateen years old but I hav grate influen over children. If yu hav a job oppen let me no at lee so I can cum to Golfeeld at once. I way neerly one 60 pounds and can lik thee bigist boy in Esmarida counti."

"That we are full up on teachers is the only reason we don't send for the young lady at once," said the trustee. "We might, however, match her with Al Kaufman or Tommy Burns. I will telegraph Tex Rickard tonight."—Tribune.

A Kansas man was telling about a cyclone that swept his farm clean, leaving him only his cyclone cellar. His hearer interrupted him: "Yes," he said, "I lifted everything off but the mortgage—I've been waiting for that." The rancher smiled. "Took that, too," he asserted. "Drove a fence rail into one corner of the corral and struck an oil well that put me on velvet for the rest of my life."—Argonaut.

Why Send Out of Town for Your Printing

When you can have first-class work done right here, by first-class union printers.

The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.

The printers and book binders in the cities of surrounding states do not come here to spend their money.
